INTELLIGENT
WORKPLACE ACCESSORIES

Innofitt Systems manufactures intelligent workplace accessories, helping offices transform into some of the most productive workplaces. Innofitt helps to make people more efficient and productive. Backed by over a decade of experience in the industry, our exclusive product range is recommended by leading architects. Our client's list includes top furniture manufacturers, furniture importers and interior contractors and select corporate/ institutions who have installed our products at hundreds of prestigious sites.

MANUFACTURING PLANT

Innofitt Systems Pvt Ltd is the only company in India dedicated only to manufacturing accessories for the workplace. Pioneered by a team of professionals and technically qualified people, its products are manufactured at its production unit at Pune.

INNOFITT
THE OFFICE SPECIALIST

We have made a conscious choice to make the office domain our forte. By focusing on and understanding this segment fully, we strive to align our products and solutions to our customer's goal. Consequently, our products are specifically designed for offices and are easy to install, use and maintain. Innofitt helps architects, interior contractors and furniture manufacturers to meet their goals of making highly functional, productive and comfortable office spaces.

ERGONOMICS
### OUR MANTRA FOR WELLNESS

We apply the science of Ergonomics to our products so that they provide natural comfort and avoid stress or injury. Our designs ensure that humans and technology work in complete harmony leading to employee wellness. We truly understand the need of the hour, and products like our height adjustable Monitor Arms, Footrests and Articulated Keyboard Drawers are testament to this fact. Innofitt solutions are tailored to preserve health, improve productivity and maintain comfort in the workplace.
